

St Edmund's School Canterbury

Admissions Policy

Admission to St Edmund's School depends upon a prospective pupil meeting the criteria required to ensure that he or she will:

- benefit from and be challenged by the educational programme we offer
- find the educational programme accessible
- feel comfortable with the range and depth of the programme and the pace at which it is delivered
- feel comfortable in the intellectual context of other pupils in that year group
- maintain and if possible exceed the educational and general standards we expect of our pupils

We must feel reasonably sure that we will be able to develop the prospective pupil to the best of his or her potential and in line with the general standards achieved by the pupil's peers. There needs to be every chance that the pupil will have a complete, happy and successful career and emerge confident, well-educated and well-rounded. These criteria must continue to be met during a child's time at St Edmund's School.

Our policy is to apply these criteria to all pupils and potential pupils regardless of any disability of which we are aware, subject to our obligation to make reasonable adjustments so as not to put any pupil at a substantial disadvantage when compared to others. Whilst we do not have a specialist unit, children with Special Education Needs (SEN) are accommodated as far as we are able within our limited resource provision.
