Entry 2018
St Edmund’s School Scholarships for 2018 entry

Scholarships are awarded on merit to the highest achievers in competitive examinations and assessments. Candidates who win awards will have outstanding ability and the school will undertake to nurture that talent. Whilst there is certainly kudos in being recognised as a Scholar there is also considerable commitment if awarded. We expect our Scholars to contribute to the community by setting the standards and being identifiable as role models for those qualities we believe are integral to success: organisation, commitment, resilience and persistence are equally as important as underlying skill.

Awards of varying value offset against the tuition fees for both day and boarding pupils are awarded in Academic, Art, Drama, Music and Sport categories. Where fees are still prohibitively expensive, annually means-tested bursaries can be awarded to supplement a Scholarship.

Scholars will hold their awards through their school careers subject to satisfactory progress and conduct: we expect Scholars to be leaders of their generation in their field of scholarship. The curricular obligations of Scholars are detailed in this prospectus.

In order for us to process your Scholarship application, please complete a registration form and return it with the nonrefundable fee of £100 (unless your child is already registered at St Edmund’s School). Registration forms can be found at the back of this prospectus (p.31).

Academic

With its excellent pupil to staff ratio, St Edmund’s School can guarantee its Scholars the personal and professional attention that their talents deserve.

Academic Scholars will be challenged and stimulated both within and without the confines of the curriculum. At Sixth Form level, a wide range of societies gives pupils the opportunity to make presentations and lead seminar discussions on their coursework-related studies.

Beyond the curriculum, many organised activities provide the opportunity to develop powers of initiative and leadership. The Head of Careers and Progression takes a special interest in encouraging Scholars to seek the most exciting opportunities beyond school. We offer the Extended Project Qualification - a research project much supported by top universities.

Drama

St Edmund’s School has an enviable reputation for its Drama and is proud of its 450-seat theatre with one of the largest school showcases in the South-East. The school presents several major productions every year in addition to a varied programme of smaller events.

In recent years, these have included Beauty and the Beast, A Chorus Line, Five Go To Otter Island, Remember and A Midsummer Night’s Dream.

The Drama Department maintains close links with local and national theatres to enable pupils to enjoy a wide range of theatrical experiences.

A-level Drama and Theatre Studies combines performance with the academic study of drama and theatre, and aims to develop the artistic and technical knowledge of our pupils. Practical work at all exam levels is of the highest standard, with many pupils achieving full marks for performance. In 2016 100% of pupils scored A*/A at A-level. Since 1995, all candidates at GCSE have scored Band One performance marks.

There are many opportunities to see professional productions, locally and in London’s West End, as well as annual trips abroad - the Department visits New York to see Broadway productions and to partake in workshops involving a number of actors from the shows - and regular outings to see the RSC at Stratford-upon-Avon.

Art
St Edmund’s School is renowned for the superb standard of its Art Department, which encompasses various material-based studies under the following headings:

- Fine Art: drawing, painting, printmaking, sculpture, mixed media (2D and 3D), digital photography and computer graphics
- 3D Design: ceramics (modelling, sculpture, pottery)
- Photography: film and digital. Conventional darkroom techniques as well as computer-aided approaches.

Consistently high grades at GCSE and A-level have secured places for our pupils at leading universities and colleges of Art and Design.

Art Scholars benefit from regular visits to exhibitions in the UK and Europe. The Hayward Gallery, Tate Modern and Tate Britain, the Royal Academy, the National Gallery, and the National Portrait Gallery are frequent venues. Sixth Form pupils usually spend time studying and visiting the major galleries in Paris. All these visits generate research into the work of artists, designers and art movements that are an essential part of the course. Work by pupils is featured in public exhibitions and there are permanent displays of their work throughout the school.

Sport
St Edmund’s School is well-known for the excellence of both boys’ and girls’ sport. For boys, the principal sports are football, hockey, cricket and tennis; for girls, they are hockey, netball and tennis. Both boys and girls also participate in a range of other sports including squash, badminton, basketball, athletics and swimming.

The school stands in 60 acres of grounds which include extensive playing fields, an all-weather pitch, tennis courts and a pitch and putt golf course. There are squash courts, a heated open air swimming pool, a superb sports hall and a rifle range.

It is expected that candidates for a Sport Scholarship will play sport outside school, at least at club level, and will have the potential to play at county or national level in one of the principal sports played at St Edmund’s School, if not already doing so.
Music
Choral Exhibition

St Edmund's School has an outstanding reputation for Music and a well-equipped Music School was opened in October 2004 by Freddy Kempf, an internationally acclaimed concert pianist and former pupil. As well as classrooms and practice/teaching rooms, the facilities also include a Recital Hall with a Steinway grand piano, a Recording Studio, and a fully equipped Music Technology Suite.

Music Scholars receive instrumental tuition in school, the cost of all or part of which may be covered by the Scholarship at the discretion of the Head or the Head of the Junior School on the recommendation of the Director of Music. Music Scholars are fully involved in the work of the school’s many ensembles, including Chapel and Chamber Choirs, Symphony Orchestra, String and Brass Ensembles and Big Band, and their instrumental progress is closely monitored throughout their time in the school. When a Music Scholar reaches a sufficiently high standard (equivalent to post Grade 8) the Director of Music may recommend occasional lessons with external specialist teachers, often at the Junior Conservatoires in London. Music Scholars participate in a rich programme of opportunity, including regular concert trips, both locally and to major concert venues in London, the cost of which is usually covered by their Scholarship.

Candidates will not necessarily be expected to have passed any specific grade examination of the recognised boards although it is anticipated that the vast majority will have done so. The audition panel is specifically looking for musicianship, the potential to develop and mature musically and a technique that will facilitate this. Candidates are expected to be able to play fluently at the following minimum standards on their main instrument:

- 11+(for Year 7 entry) Grade 4
- 13+(for Year 9 entry) Grade 5
- 16+(for Year 12 entry) Grade 7

At audition, candidates will be required to play two pieces on their first instrument and one on their second instrument. If a third instrument is offered, then this will also be heard and assessed.

Candidates are encouraged to offer singing at audition, but this is not a prerequisite. In addition, candidates will be asked to sight-read on their main instrument, complete aural tests appropriate to their highest level of performance and have an interview in which they will be encouraged to talk about their own music making, musical tastes and aspirations.
Choral Exhibitions at 13+ and 16+ are available to candidates with an exceptional voice and strong choral background. Such awards may be offered after a formal audition in which two contrasting pieces should be performed in addition to sight reading and aural tests. Choral Exhibitioners will be awarded, relative to their ability, a reduction in St Edmund’s tuition fees along with free vocal tuition.

No instrumental skills are required to apply for a Choral Exhibition. Candidates may apply for a Choral Exhibition at any point during the academic year by contacting the Director of Music. Choral Exhibitioners who are subsequently awarded a Music Scholarship will have their Exhibition subsumed within the Scholarship.

Canterbury Cathedral Choristers are eligible to compete for the prestigious Dean and Chapter Music Scholarship, tenable at St Edmund’s Senior School from Year 9.

Prospective candidates at 11+, 13+ and 16+ are strongly recommended to make an earlier appointment with the Director of Music for an informal discussion and a pre-audition prior to their application.
Candidates for Junior School Academic Scholarships will sit papers in English, Mathematics and Science, set by St Edmund’s School and based on work covered in Key Stage 2 of the National Curriculum. Candidates also sit entry tests in Verbal and Non-Verbal Reasoning (though Kent Test scores may be submitted in lieu) and they will have an interview with the Head of the Junior School.

11+ Scholars will normally be expected to sit the 13+ Scholarship exams in Year 8.

Award winners will be the academic leaders of their generation and will look forward to achieving high grades in public examinations, and subsequent entry to eminent universities.

A Scholar is someone genuinely interested in the life of the mind. A Scholar has a desire to know, and desire to build the skills to allow understanding. A Scholar is inquisitive, asking questions and not being satisfied before they are adequately answered. A Scholar may have specialised aptitudes, perhaps for Mathematics, the acquisition of languages, a head for next column Science, or a particularly vivid imagination. A Scholar is persistent, not giving up at the first hint of difficulty.

Our Scholarship entrance process seeks to identify those with a mind receptive to development, to challenge and to opportunities. Award winners will be the academic leaders of their generation.

Scholarship entrance test papers do not require any formal knowledge beyond the normal age-appropriate syllabuses. They are not designed to test additional rote learning beyond these, rather they are designed in an open-ended way to test skills, aptitude and intellectual potential.

Candidates at 13+ will sit four short papers, three of which will be in Mathematics, Science and Imaginative Writing. The fourth paper will be a General Humanities paper or, at the candidate's choice, may be in a single subject area chosen from French, Geography, History, Latin, Religious Studies or Spanish. All candidates will have an interview with the Head or the Deputy Head.
